Jati Kebon's heritage

Luxury outdoor living, for everyone

Jati Kebon began with a vision. It all started in 1976 with Firmin Verbeke and was carried forward by his children Johan and Leen in 1995. Their shared dream was to transform outdoor spaces into places of true comfort and relaxation. Today, that same vision continues to shape everything we create.

At Jati Kebon, we design luxury outdoor furniture that turns every terrace, garden and poolside into an oasis of style and elegance. From sunrise to starlight, our collections inspire moments of connection, relaxation and joy.

We believe outdoor living should be more than an afterthought. It should feel like a natural extension of the home, where comfort and style flow effortlessly from indoors to outdoors. It is about blurring the boundaries between home and nature, creating spaces that invite calm, togetherness and inspiration.

We invite you to take the world in and make your surroundings an essential part of your lifestyle. Find a place to unwind amid the sights, sounds and sensations of the outdoors while still enjoying the comfort of home. A place where opposites meet and contrasts find harmony, shaped through thoughtful design.

Jati Kebon is about more than furniture. It is about creating experiences that bring people together. It is about moments shared with family and friends, about sunlight and laughter in the afternoon, and evenings that feel calm, connected and beautifully alive.

Every piece is crafted with care and dedication to add meaning to both ordinary and extraordinary moments, making luxury outdoor living accessible for everyone, in every setting.

What tools to use?

In general: avoid harsh treatments. Avoid using any abrasive products or tools on materials like aluminum, ceramic and synthetic materials, as these can cause scratches. Do not powder-wash or use chlorine bleach, oils, and avoid abrasive cleansers. Test new solutions on a hidden area. After cleaning, use the application cloths to apply an outdoor furniture protector.

Teak

Cleaner & protector

If teak remains untreated, the silver-grey patina that develops naturally over time, will deteriorate to a dark-grey, greenish color. A transparent protector makes the wood water- & dirtrepellent and helps to prevent stains while keeping the natural look. Apply a non-hazardous teak cleaner to clean and restore discolored, dark grey teak and hardwood.

Use the appropriate tools and avoid using a hard brush to clean your teak furniture.

Fabrics & ropes

Cleaner & protector

The best and simplest way to preserve the beauty, comfort and performance of fabrics is by brushing off any dirt before it gets entrenched, as well as by cleaning up any spills or stains with soap and water shortly after they occur, when they are easiest to remove. To do this, we recommend our *Fabrics & Rope Cleaner*. *Jati Kebon's cushion covers* and fillings are made to dry easily and quickly, thus avoiding any mildew or mold. You can extend the fabulous look of your fabrics by treating them regularly with our *Jati Kebon Fabric Protector*.

Multisurface

Cleaner & protector

Jati Kebon aluminum furniture is protected by a high-quality, waterrepellent powder coating. The resulting finish is knock and scratch resistant, impregnable to moisture, highly resistant to corrosion and easy to clean. Make sure to handle the furniture with care, avoiding scratches and dents that could damage the coating, making your furniture more vulnerable to the elements. Be sure not to bring any corrosive liquids like sunscreen or cosmetics in contact with your aluminum furniture. It's recommended to further improve the resistance by applying an extra layer of protection with the *Multisurface Protector*.
